INPACE Virtual Fair is designed to connect mature European and Indo-Pacific innovations (technologies and products) through an immersive 3D environment.

Key focus areas:

-  Trustworthy AI
-  Semiconductors & advanced chip technologies
-  Secure IoT & infrastructure protection
-  Digital identities & trust systems
-  6G networks & communication infrastructure

What you receive at no cost for you:

-  **Professional 3D virtual booth** on INPACE virtual expo center
-  **Marketing and PR support**
-  **Six months of exposure** with all costs covered by European funding

The virtual fair and marketing support is offered to **10 first selected organisations (5 from Europe, 5 from Indo-Pacific)** by INPACE Hub, as part of European-Indo-Pacific Digital Partnerships.

Requirements:

-  **Locations:** Organisations registered in Europe, India, Japan, ROK, Singapore
-  **Focus of technologies/products:** in line with the focus areas above
-  **Technology readiness:** TRL 8 or above (market-ready or near-market solutions)
-  **Feedback:** early 2026, provide to our team brief feedback about your experience
